BEFORE INS

- EN**
- Have a professional assess the wall before installation. Fasteners are not included. Purchase the fasteners matching to the intended situation.
 - It is highly advised to have a professional install the PlayBase Wall Mount frame.
 - Intended to install on a structural, solid brick or concrete wall.
 - Do not install on a free standing wall.
 - Do not install directly below a balcony or gutter.
 - Before starting the installation please check the instructions given on page 24 Safe area of use General and safe installation.
- NL**
- Laat een vakman de muur beoordelen voor installatie. Bevestigingsmaterialen zijn niet inbegrepen. Koop bevestigingsmiddelen die passen bij de beoogde situatie.
 - Het wordt sterk aangeraden om een professional de PlayBase Wall frame te laten installeren.
 - Bestemd voor installatie op een structurele, massieve bakstenen of betonnen muur.
 - Installeer niet op een vrijstaande muur.
 - Installeer niet direct onder een balkon of goot.
 - Controleer vóór de installatie de instructies op pagina 28 Veilige gebruikszone Algemeen en veilige installatie.
- DE**
- Lassen Sie die Wand vor der Installation von einem Fachmann begutachten. Befestigungsmittel sind nicht im Lieferumfang enthalten. Kaufen Sie die Befestigungsmittel, die für die vorgesehene Situation geeignet sind.
 - Es wird dringend empfohlen, das PlayBase Wandmontage-Rahmen von einem Fachmann installieren zu lassen.
 - Zum Installieren an einer tragenden, massiven Ziegel- oder Betonwand vorgesehen.
 - Nicht an einer freistehenden Wand installieren.
 - Nicht direkt unter einem Balkon oder einer Regenrinne installieren.
 - Vor Beginn der Installation überprüfen Sie bitte die Anweisungen auf Seite 32 Sichere Nutzungszone Allgemeine und sichere Installation.
- FR**
- Demandez à un professionnel d'évaluer le mur avant l'installation. Les fixations ne sont pas incluses. Achetez les fixations correspondant à la situation envisagée.
 - Il est fortement conseillé de faire appel à un professionnel pour l'installation du cadre de montage mural PlayBase.
 - Destiné à être installé sur un mur structurel, solide en briques ou en béton.
 - Ne pas installer sur un mur isolé.
 - Ne pas installer directement sous un balcon ou une gouttière.
 - Avant de commencer l'installation, veuillez vérifier les instructions données à la page 36 Zone d'utilisation sûre Installation générale et sûre.
- ES**
- Haga que un profesional evalúe la pared antes de la instalación. Las fijaciones no están incluidas. Adquiera los elementos de fijación adecuados para la situación prevista.
 - Se recomienda encarecidamente que un profesional instale el marco PlayBase Wall Mount.
 - Diseñado para instalarse en una pared estructural de ladrillo macizo u hormigón.
 - No lo instale en una pared independiente.
 - No lo instale directamente debajo de un balcón o canalón.
 - Antes de comenzar la instalación, compruebe las instrucciones de la página 40 Zona de uso segura Instalación general y segura.
- IT**
- Rivolgersi a un professionista per valutare la parete prima dell'installazione. I fissaggi non sono inclusi. Acquistare gli elementi di fissaggio adatti alla situazione prevista.
 - Si consiglia vivamente di rivolgersi a un professionista per l'installazione del telaio PlayBase Wall Mount.
 - Da installare su una parete strutturale in mattoni o cemento.
 - Non installare su una parete libera.
 - Non installare direttamente sotto un balcone o una grondaia.
 - Prima di iniziare l'installazione, verificare le istruzioni fornite a pagina 44 Area di utilizzo sicura Installazione generale e sicura.

TALLATION

- DK**
- Få en fagmand til at vurdere væggen før montering. Fastgørelseselementer er ikke inkluderet. Køb de fastgørelseselementer, der passer til den påtænkte situation.
 - Det anbefales på det kraftigste at få en professionel til at installere PlayBase Wall Mount-rammen.
 - Beregnet til montering på en strukturel, solid murstens- eller betongvæg.
 - Må ikke installeres på en fritstående væg.
 - Må ikke installeres direkte under en altan eller tagrende.
 - Før du påbegynder installationen, bedes du læse instruktionerne på side 48 Sikker anvendelsesområde Generel og sikker installation.
- SV**
- Låt en fackman bedöma väggen före installation. Fästelement ingår inte. Köp de fästelement som passar för den avsedda situationen.
 - Vi rekommenderar starkt att du låter en fackman installera PlayBase väggmonteringsram. Avsedd att installeras på en strukturell, solid tegel- eller betongvägg.
 - Installera inte på en fristående vägg.
 - Installera inte direkt under en balkong eller hängränna.
 - Innan du påbörjar installationen ska du kontrollera instruktionerna på sidan 52 Säkert användningsområde Allmän och säker installation.
- NO**
- Få en fagperson til å vurdere veggen før montering. Festemidler er ikke inkludert. Kjøp festemidler som passer til den tiltenkte situasjonen.
 - Det anbefales på det sterkeste å få en fagperson til å installere PlayBase Wall Mount-rammen.
 - Beregnet for montering på en strukturell, solid mur- eller betongvegg.
 - Må ikke installeres på en frittstående vegg.
 - Må ikke installeres rett under en balkong eller takrenne.
 - Før du starter installasjonen, vennligst sjekk instruksjonene på side 56 Sikker bruksområde Generell og sikker installasjon.
- FI**
- Pyydä ammattilaista arvioimaan seinä ennen asennusta. Kiinnikkeet eivät sisälly toimitukseen. Hanki aiottuun tilanteeseen sopivat kiinnikkeet.
 - On erittäin suositeltavaa, että ammattilainen asentaa PlayBase Wall Mount -kehyksen.
 - Tarkoitettu asennettavaksi rakenteelliseen, kiinteään tiili- tai betoniseinään.
 - Älä asenna vapaasti seisovaan seinään.
 - Älä asenna suoraan parvekkeen tai kourun alle.
 - Ennen asennuksen aloittamista tarkista sivulla 60 asti Turvallinen käyttöalue Yleinen ja turvallinen asennus.

ENGLISH

Warnings

General warnings:

- The product should be assembled in accordance with the assembly instructions.
- Adult assembly required.
- Read instructions prior to first use and keep for future reference.
- For domestic use only.
- For outdoor use only.
- The maximum user weight on the product is 100 kg (220 lbs).
- The maximum load for the entire product is 400 kg (880 lbs).
- The maximum user weight per accessory is indicated in that particular product manual.
- Usage of the product while under the influence of alcohol or drugs is prohibited.
- The product can become hot in direct sunlight, be careful.
- Keep fire and other heat sources away from the product.
- Do not use the product when it is wet.
- Objects and other obstacles that can interfere with using the product should be prohibited from the area of use.

Only add the add-ons referred to on the added "Allowed Combinations" document to the frame. Do not combine products of other manufacturers with this product because they may create safety hazards.

*When set up in a **Play** configuration:*

- Not suitable for children under 3 years. Falling hazard – frame height of 245 cm. Choking hazard – small parts in its unassembled state.
- The user age for the use of the BERG Playbase Baby seat (20.20.00.00) is 9 to 36 months.
- Continuous adult supervision required.
- It is prohibited to climb over the frame during all other activities on the product (e.g. swinging).

*When set up in a **Sports** configuration:*

- Suitable for children from 14 years and older or overall height more than 140 cm (4' 7").
- Only use this product when your own medical condition allows it to use it safe.
- Avoid over-exertion when using the equipment.

User guidelines

BERG or the dealer cannot be held responsible for improper use of this product. For safety reasons, unless BERG-approved, modifications or changes to the product are prohibited.

Only use this product as instructed in this manual. Any unauthorized use could result in serious injury to the user or damage the product.

Safe area of use **General**

Check page 14 for additional illustrations.

- Place the product on an unpaved steady surface such as grass.
- Objects and other obstacles that can interfere with using the product should be prohibited from the area of use.
- Position the product in a way that accessories (e.g. swings) are not oriented directly towards full exposure from the sun.

Safe installation

It is prohibited to make other combinations than the prescribed combinations listed on our website and in the attached "Allowed Combinations". The product should be assembled in accordance with the assembly instructions. Review the assembled product prior to first use.

Please be aware the product has fixings with self-locking nuts. These self-locking nuts are for single use only and must be replaced when dismantling and reinstalling the product.

- The product must be assembled according the detailed steps on pages 7-18.
- The product shall not be installed over concrete, asphalt or any other hard surface.
- The bottom frame must be buried according installation instructions in order to reduce tipping hazards. Pay special attention to the mandatory installation depth.
- The bolt indicated in step 18 of the Assembly Manual should be at ground level or lower to achieve the minimal installation depth.
- Compress the ground in the newly dug hole to prevent excessive sinking of the soil.
- The adding of accessories must be carried out according to the manufacturer's instructions.

Safe use for **Play**

Check page 20 for additional illustrations.

- The minimum clearance between the swing element and the ground must be 35 cm (14").
- The minimum clearance between two separate swing elements must be 45 cm (18").
- The minimum clearance between the swing element and the frame must be 30 cm (12").
- The minimal clearance between single swing elements (rings, disc) must be 60 cm (24").
- Swing elements must be adjusted as explained in the Assembly Manual on page 19 to achieve the minimal clearances.
- Do not attach extra items to this product, such as ropes, chains, heavy cords or other items.

Safe use for **Sports**

Check page 20 for additional illustrations.

- Only use the boxing bag at positions where 80 cm (31") movement space can be met.

Exercise instructions

The product can be used as outdoor fitness equipment for home use. Always perform any exercises in a controlled way. Do not perform any exercise which is

too hard for you. Here some exercise examples that will get you going:

Pull-Up

Push-Up

Hanging Knee Raise

Plank

Side-to-Side Pull-Up

Wall Squat

Maintenance

To ensure the safety of the users of the product, the product has to be subjected to the safety inspections and maintenance instructions mentioned below. If the checks are not carried out regularly the product could overturn or otherwise become a hazard.

- There must be no objects / sharp objects on the floor underneath the unit and in the movement area.
- Check attachments for evidence of deterioration.
- Check all nuts and bolts for tightness and tighten when required.
- Missing or worn components must be replaced or repaired immediately.
- Oil all metallic moving parts.

- Check all coverings for bolts and sharp edges and replace when required.
- Check swing seats, ropes and other means of attachments for evidence of deterioration.
- Replace defective parts in accordance with the manufacturers' instructions.
- The swing joints are fixed on one side: Explicit attention should be paid to checking the suspension points and replacing them immediately if there is visible damage.
- Any worn or replaced parts must be disposed according to local guidelines. Pay attention to the environment.

	Before each use	Monthly	Beginning of each season
Frame, nuts & bolts	Check for visible damage	Check if connections are tight and tighten them if needed	Inspect the frame connections thoroughly
Suspension points	Inspect condition of suspension points. Replace immediately if needed	Oil the suspension points	Thorough inspection of suspension points. Replace immediately if needed
Accessories	Check condition	Check for wear and tear	Check for wear and tear and replace if needed

Warranty

Warranty period

BERG products are of excellent quality. To provide you with years of carefree fun on our products, BERG offers you a functionality warranty. A functionality warranty is a warranty regarding its functional use. Please consult the table below for the term of this warranty.

- Parts that are liable to wear and tear (such as ropes), the influences of weather (such as rust and discolouration) and foam parts are excluded from warranty.
- Check www.berg.com for extensive warranty regulations.

Warranty conditions

The owner of the product can only claim a warranty by presenting the original receipt of the purchase. The warranty only applies to material and construction faults and with respect to this product or parts thereof.

Frame	10
Frame (after registration)	13
Components & accessories	3

The warranty becomes nul and void if:

- The product is used improperly and / or negligently.
- The product is improperly buried.
- The product is not assembled and maintained in accordance with the instruction manual.
- Technical repairs to the product are not carried out in a professional manner.
- Replacement parts do not correspond to the technical specifications of the product involved or are installed incorrectly.
- Parts mounted afterwards do not meet technical specifications of the product involved or have not been mounted correctly.
- Added parts or replaced parts are no official BERG spare parts or accessories.
- The product has been used for rental purposes or made available for use by a 3rd party.
